# PROGRAM REQUIREMENTS & GTM

# Program Requirements

As an EDB Partner we work together to agree our Joint GTM Strategy.

To fulfill the GTM motion, it is imperative to follow the requirements of the Partner Program. These are the key milestones that will determine the progression of GTM and form a smooth development towards achieving the Partnership objectives.

Program Requirements	
Signed Partner Program Agreement	✓
Sales Training & Certification	✓
Technical Certification - Essential	✓
Technical Certification - Advanced	Optional
Agree Joint Business Plan	✓
Agree Revenue Targets (New ARR)	✓

For sourcing from EnterpriseDB entities, orders shall be under the terms of the signed Partner Program Agreement with payment due net thirty (30) days from the date of invoice. Late payments will be subject to an interest rate of up to one percent (1%) per month on the unpaid balance from the due date.

# EDB Communications

## Partner Program Communications

EDB may send you partner-exclusive announcements related to EDB products, news, and events. While you may unsubscribe from these announcements, other communications related to program requirements, program changes, or compliance obligations are required and may not be opted out of due to their importance.

For this reason, you should also ensure a valid and regularly monitored email address is provided and updated as needed.

# SUPPORT & SERVICES

# EDB Support

## About EDB Support

As valuable team members and pursuant to your agreement, Partners have access to EDB Support 24/7. EDB is committed to delivering high-quality Support that you and our mutual customers can depend on relative to their entitlements.

You are responsible for providing EDB Support to your customers (Levels 1 - 3) and shall be directly responsible for their Level 1 Support. EDB shall provide Level 2 & 3 Support to you to enable you to provide Level 2 & 3 Support to them.

# EDB Support (cont.)

## About EDB Support

“Level 1 Support” means the tier of support for customers which applies to installation, configuration and licensing of the Products, such as the following tasks: verify that all necessary hardware and software requirements are fulfilled, assist in the execution of installation programs, perform licensing tasks to issue the correct number of licenses for an installation, provide assistance to install the database and other EnterpriseDB tools, provide the necessary support to achieve basic product functionality as described in the Documentation and general assistance that would be expected from a typical help desk.

“Level 2 Support” means the tier of support for customers, which applies to problems or questions related to the core functionality of the Products. Problems at this level are generally reproducible by a support engineer. Many solutions will be repeat solutions, possibly available in FAQ documents or a technical knowledgebase, such as the following tasks: determine if the reported problem described applies to the supported Product, attempt to duplicate the reported behavior, obtain source code or other application components developed by the Partner or the customer, if necessary and attempt to provide a fix or a workaround to the problem.

“Level 3 Partner Support” means the tier of support requiring the EnterpriseDB knowledge base.

# Accessing EDB Support

## Support Portal

Use the [EDB Support Portal](#) to optimize case creation, minimize response time, and provide instant visibility to your entire team.

## Email

Support is always an email away.  
You can reach us at [techsupport@enterprisedb.com](mailto:techsupport@enterprisedb.com).

## Phone

Call our 24/7 Support lines.  
+ 1-800-235-5891 (US Only)  
+1-732-331-1320 (US)  
+44-203-371-9820 (UK)
