

Bain Capital Private Equity Invests in EDB

JUNE 7, 2022

BY [PATRICK GRAHAM](#)

Bain Capital Private Equity has invested in **EnterpriseDB**, the owner of the Postgres platform.

Postgres is a database management system with an open-source database to improve database infrastructure,

“Postgres is increasingly the database of choice for enterprises. We are excited to work closely with EDB’s talented leadership team, in partnership with **Great Hill Partners**, to accelerate the company’s growth,” said **Max de Groen**, a managing director at Bain Capital Private Equity.

J.P. Morgan is serving as financial advisor, and **Sidley Austin LLP** as legal advisor to EDB and Great Hill Partners. **Goldman Sachs & Co. LLC** is acting as financial advisor, and **Ropes & Gray LLP** as legal advisor to Bain Capital Private Equity.
